Work Experience

1-29-2015 till Ongoing

Head of Mobile Development at Keaton Row:
I've been responsible for building out their iOS solution along with two other iOS developers

- Building two versions: Keaton Row Stylist and Client apps.

7-1-2012 till 1-20-2015

Various at Freelance Developer:
I've consulted for various startups in the bay area. Clients contract lengths ranged from 1 week to 3 months. I worked the full RoR stack; later I transitioned to iOS development.

- Designed and developed new mobile website for Vayable.com
- Managed an overseas team for Touch Adventures
- Provided API optimizations for DOWNapp.com

7-1-2012 till 1-20-2015

Builder at Personal Projects:

- Launched Cell-Unlock.com and TapToUnlock.com, providing customers various cell phone unlocking services. Operations ceased due to law changes in 2013.
- Released ShopOrNot iPhone application.
- Launched Hooked.By, a content network, peaking at 50k/montly visits.

Taskforce.is

2013 till Ongoing

As part of Taskforce.is, Sohail has helped build campaigns to encourage citizen advocacy.

- TheDayWeFightBack.org banner was put on over 6000 websites for one day.

Education

2007 till 2011

University of California, Berkeley

- Bachelors: *Peace and Conflict Studies (Global Governance)*
